

totality concept - religion

228 The **TOTALITY CONCEPT** is a detailed study of becoming **AWARE** of the **MECHANICS** of the **TIME GAME** and **WHAT IS ACTUALLY OCCURRING**. This, in the final analysis, becomes what **YOU** — the **TOTAL SELF** — **TOTALITY** — is **ALLOWING TO OCCUR** and are **MAINTAINING** by **YOUR PRESENCE**.

RELIGION is one of the most important mechanisms **DESIGNED** to **ASSIST - CONTROL - and DIVIDE** — for purposes of generating **CONFLICT** and the **MULTIPLICITY** of **SENSATIONS** so produced.

RELIGION is derived from the Latin **RELEGIO** — to **BIND** or **BIND UP**, as in **ASSIST** or **HELP**, as in an injury or wound.

On planet Earth **RELIGION** has done exactly that. Groups of individuals have become so **BOUND UP** in limited concepts that they have been **HELPED** to **FORGET** their **TRUE SELF** — the **TOTAL PRESENCE** — **TOTALITY**.

229 In guaranteeing the persistence and unchanging **CONTINUITY** of the **TIME GAME**, **RELIGION** makes an important contribution by placing all development of a **SPIRITUAL** nature in the **FUTURE**.

In the **FUTURE** — after you have experienced the sensation of **DYING**, you may go to heaven and there on no initiative of your own, you will be granted the boon of salvation, by some entity other than yourself. This is an excellent limitation of **ABILITY**.
